

Fetal Surveillance and Cardiotocography (CTG) Monitoring Policy

Refer to the [EMHS policy](#)

1. Applicability

Site	Operational Area	Applicable to
Armadale Health Service	Obstetric services	Medical Nursing

2. Purpose

East Metropolitan Health Service (EMHS) is committed to creating a safe environment for patients and providing the highest standard of care.

This policy mandates minimum requirements related to fetal surveillance in the antenatal and intrapartum periods and includes reference to Intermittent Auscultation (IA) and Cardiotocography (CTG) monitoring practices, identification of suspected or actual fetal compromise, escalation of care, fetal blood sampling, storage of CTG traces and staff education requirements within East Metropolitan Health Service.

This policy will be read in conjunction with the [Cardiotocography Monitoring Policy \(MP 0076/18\)](#) and [WA Health Cardiotocography Monitoring Standard Policy](#).

3. Policy owner

Enquiries relating to this policy may be directed to:

Title: Area Director Nursing and Midwifery
Department: East Metropolitan Health Service

4. Review

This policy will be reviewed and evaluated as required to ensure relevance and currency. At a minimum it will be reviewed within one (1) year after first issue and at least every three (3) years thereafter.
